OFFICE OF PRESIDENT (OoP)

NATIONAL ANTI-CORRUPTION ACTION PLAN

2022 MONITORING AND EVALUATION FRAMEWORK FOR DATA COLLECTION AND REPORTING

GUIDELINES FOR DATA COLLECTION AND REPORTING

1.0. INTRODUCTION

The National Anti-Corruption Action Plan (NACAP) was adopted in July 2014 for implementation by stakeholders, which include Public, Private and Not-For-Profit organizations and institutions.

In terms of implementation of NACAP by public sector organizations and institutions, the Office of the President (OoP) issued directives in March 2015 which, among others, provide that:

- All heads of institutions and leadership at all levels should take responsibility for their areas of oversight and ensure that measures are taken to combat corruption in their institutions, including implementation of roles specifically assigned to their institutions under NACAP;
- The Ministry of Finance should ensure that MDAs, MMDAs and all public sector institutions budget for the implementation of specific programmes assigned to them under NACAP, and

Ministers, Chief Executives and Heads of Public sector institutions shall submit reports on the implementation
of NACAP to the Monitoring and Evaluation Committee (MONICOM) at the CHRAJ, with copies to the Office
of the President.

To assist in the assessment of the outputs or outcomes of the implementation of planned activities and generally assess the progress of implementation of NACAP in 2022, indicators have been developed under general role and the four strategic objectives of NACAP.

These guidelines have been issued to assist implementing agencies report on the implementation of their planned activities under NACAP on schedule, using the National Anti-Corruption Reporting Tool (Google Form), an online data collection and reporting tool.

2.0. ROLES UNDER NACAP

2.1 General Role

The General role is designed for implementation and reporting by **ALL** Implementing Partners (IPs), including public sector organizations, private sector and not-for-profit organizations.

2.2 Roles under Strategic Objectives

These are roles specific to implementing agencies under the four Strategic Objectives which can be found on pages 54-90 of the National Anti-Corruption Action Plan (2015-2024).

All IPs are to use this framework to report on all activities under "General Roles" and assigned activities under the four strategic objectives.

3.0. THE 2022 MONITORING AND EVALUATION FRAMEWORK FOR DATA COLLECTION AND REPORTING

The 2022 NACAP M&E Data Collection and Reporting Framework is presented in the form of a matrix as follows:

NACAP Ref. No: This refers to the reference number and activity under NACAP selected for implementation.

<u>Broad Activity:</u> This refers to activities for implementation as provided for in the 2015-2024 National Anti-Corruption Action Plan document, which can be found in pages 54-90.

Indicator: The indicator measures the expected results from the implementation of the broad activity.

<u>Data Source (Means of Verification):</u> The origin, root from which the data was collected on the indicator, e.g. Programme/ Meeting reports, Payments vouchers, Store records, etc.

IPs are required to complete the Indicator (provide result/status of implementation) and Data Source (Means of Verification) sections.

Where an implementing partner is unable to undertake a required assigned activity, the agency should indicate

"NOT UNDERTAKEN", in the "Indicator" section and reasons must be provided for not undertaking the activity.
